

Visual Studio Code Settings

1. Extensions:

- Live Server (Ritwick Dey)
- Prettier - Code Formatter

2. Settings:

- **View** → **Command Palette** → **format document** → **choose Prettier**
- **File** → **Preferences** → **Settings** → **format on save** → **check on**
- **File** → **Preferences** → **Settings** → **Emmet: Trigger Expansion On Tab** → **check on** (i.e. when press "!" + TAB → HTML boilerplate code, basic template)
